LIGHTGRAPHIX

LightGraphix

LightGraphix design and manufacture lighting for architectural, marine and display use. The Company started in 1979 in Dartford, Kent and moved to purpose built premises in next door Crayford in 2006. Crayford station is 30 minutes from London Charing Cross.

The new facilities now include: metalwork machining & presswork, fabrication, powder coating, assembly & testing together with Design and Administration offices and a comprehensive Showroom.

We have supplied lighting for a wide variety of projects throughout the world, with 25% of our production exported.

Project types include:

shopping complexes, retail stores, museums and exhibitions; hotels, theatres, restaurants, cinemas and leisure centres, luxury yachts and private homes.

Clients include:

Alias Hotels	Kempinski Hotels	Clarins
British Airways	Four Seasons Hotels	Estee Lauder
First Leisure	Hilton Hotels	Fraser Hart Jewellers
Holmes Place	Hyatt International	French Connection
Really Useful Theatres	Intercontinental Corp.	Harrods
The Dorchester	Marriott Hotels	Lexus Cars

Whitbread Group	The Waldorf Hotel	Selfridges
Virgin Group	Travel Lodge	Waterford Wedgwood

LightGraphix were involved in a large contract to supply a variety of lighting in the new 7 Star Emirates Palace Hotel in Abu Dhabi including 3000 metres of XenLight in coffers and cornices.

LightGraphix are Lighting Association Code of Practice accredited and are a Luxeon Approved Manufacturer

New Products

LightGraphix are continually developing products using new technologies like LED's and Metal Halide. We also develop ideas generated from our work with lighting designers and architects to solve particular lighting or engineering problems.

Even people who know our previous Edition 8 catalogue well, will notice quite a number of new ideas in the following pages!
